

Helping Equip the Castlegar Health Centre Emergency Department with close to \$30,000.00 worth of sophisticated equipment.

Please join us in the lobby of the health centre 709 10th St. for

PLEDGE DAY

FRIDAY, DECEMBER 7th
9 am to 2 pm

DOOR PRIZES! ENTERTAINMENT!

A Portable Diagnostic Ultrasound Imaging System

An imaging method using high-frequency sound waves to produce images of parts of your body, providing valuable information for diagnosing and treating a variety of conditions.

An Exam/Medical Headlamp System

A lightweight portable ergonomic headlamp with robust features, to be used by Emergency Department physicians for examination and suturing of lacerations and other procedures.

A ZEISS SLIT Lamp and Motorized Table

A microscope which provides a stereoscopic magnified view of the eye structures in detail, enabling anatomical diagnoses to be made for a variety of eye conditions, will be a valuable asset in the Emergency Department.
